Innovation ~ Support ~ Empowerment

**EMPOWERING YOUR BUSINESS
WITH THE RESOURCES YOU NEED FOR SUCCESS**

Farmer Benefits:

Expert guidance, minimized financial risk, scalable plans, ongoing support, eco-friendly, economical sustainability, major medical, supplemental, life, and retirement benefits

What We Offer:

Full-service support for hydroponic farming transition.

Funding Guidance:

We will assist with any grants and other government funding opportunities you're eligible for with application completion, filing, and submission assistance

Operational Support Benefits:

- **Ongoing technical support**
- **Operational training and assistance**
- **Employee training**
- **Set-up support**
- **Implementation**
- **Marketing and business development**
- **Scalability plan**

Opportunity:

Hydroponic growth maximizes space efficiency and nutrient absorption, producing significantly more per square foot, and yielding 5x to 8x higher yields than land farming. Hydroponic growth decreases overall cost, which in turn increases profits and economic stability.

Market Projections:

Hydroponic Produce Farming → \$58.9B by 2035

Hydroponic Cannabis Farming → \$2.9T by 2034

ESG & Sustainability:

- **up to 90% less water**
- **99% less land**
- **95% fewer chemicals**

Next Steps:

- **Choose subsidiary**
- **Confirm terms**
- **Complete onboarding process**
